Informed Consent to Physical Therapy and Care

I hereby request and consent to the performance of physical therapy treatments and other procedures within the scope of the practice of physical therapy on myself by the physical therapists, physical therapist assistants, aides, or anyone working as an employee for Complete PT Pool & Land Physical Therapy, Inc. who now or in the future treat me.

I understand that methods of treatment may include, but are not limited to, ultrasound, phonophoresis, electrical stimulation, iontophoresis, joint mobilization, soft tissue mobilization, manual stretching, and active exercise on land and/or in the pool. I understand that I must disclose all my medical conditions in order for the safest method of treatment to be enacted.

I have been informed that physical therapy is generally a safe method of treatment, but I may have some side effects, including skin rash, bruising, muscle soreness, pain, fatigue, numbness or tingling. Unusual risks of physical therapy include fracture, nerve damage, joint dislocation, fainting, myocardial infarction, paralysis and death. There is a risk of infection, although the clinic maintains a safe and clean environment. Burns and/or scarring are a potential risk of iontophoresis, ultrasound, phonophoresis, heat, ice, and taping. I understand that while this document describes the major risks of treatment, other side effects and risks may occur. I understand that some modalities and exercises may not be appropriate with other medical conditions including coronary artery disease, hypertension, cancer or pregnancy and I will notify a clinical staff member if I have a history of, currently have, or am newly diagnosed with any conditions while under CompletePT Pool & Land Physical Therapy's care.

I have been instructed to wear closed pool shoes to and from the pool as well as in the locker room for my

safety. I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks best at the time, based upon the facts then known in my best interest. I understand that results are not guaranteed.

I understand the clinical and administrative staff may review my patient records and lab reports, but all my records will be kept confidential. CompletePT Pool & Land Physical Therapy may disclose protected health information about me to carry out treatment, payment and healthcare operations. I give permission to CompletePT to release my records to my referring physician and my primary care physician. I will refer to HIPPA guidelines for a more complete description of such uses and disclosures. I understand the clinic may call my home or other designated location and leave a message via voicemail or in person in reference to any items that assist in carrying out my care, such as appointment reminders, insurance, prescription information, etc. The clinic may also contact me via mail to my home or other designated location, with information regarding my care. I have the right to request information be restricted, however I understand that my request may be denied if it interferes with my care.

By voluntarily signing below, I show that I have read, or have had read to me, the above consent to treatment and release of information. I have been told about the risks and benefits of physical therapy and other procedures and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

Patient Agreement

ASSIGNING BENEFITS

As a physical therapy patient at CompletePT, I hereby authorize payment directly to CompletePT, John Koegel, PT, for all physical therapy services rendered and submitted to my insurance on my behalf. I understand that CompletePT will submit claims to my insurance company on my behalf, but that CompletePT assumes no responsibility for obtaining reimbursement on my behalf.

CHANGE IN INSURANCE COVERAGE

I will inform the office immediately if there is any change in my insurance. I realize that problems can arise resulting in full liability on my part for payment of physical therapy services if I do not keep the office informed of my current insurance information. I understand that I cannot hold CompletePT responsible for any financial losses suffered as a result of claims that are submitted on my behalf with inaccurate or outdated insurance information.

PAYMENTS, RETURNED CHECK FEES, PAST-DUE FEES

I understand that all payment must be by check or credit card (Visa or Mastercard). If a check is returned I agree to pay a fee of \$25; such fee, and all future payments, must be by cashier's check, or credit card. I understand that unpaid balances of over 30 days from my first statement will accrue interest at 1.5%/ month.

LATE CANCELLED OR MISSED APPOINTMENT FEES

I will call by noon the day before to change or cancel an appointment. I will pay \$68 at my next visit for a late cancellation/missed appointment if I do not call by noon the day before. Insurance does not cover this fee, and it will not be billed to me. If a medical or non-medical emergency occurs, it will be up to the office to decide to waive payment or not.

BALANCES DUE AFTER INSURANCE

I understand that verification of my insurance benefits is not a guarantee of payment. Insurance may cover some of the fees billed, and I agree to pay any balance due. I agree to pay my deductible and copays at the time of service, to educate myself about my benefits with my insurance company, and be aware of my costs. Insurance does not cover electrodes.

- If my therapist determines that electrotherapy is appropriate for my healing, a set of electrodes will be dispensed for my exclusive use, and I agree to pay the \$10.00 that will be billed to me for each set, which may be used 20 times.
- If my therapist determines that iontophoresis is appropriate for my healing, a set of electrodes will be

dispensed at each treatment, for which I agree to pay the \$10 fee at the end of each iontophoresis session.

2010 MEDICARE CAP

I understand that Medicare does not pay for services in excess of \$1840 unless I qualify for an exception to the cap, and exceptions to the cap are applied. I will consult with my therapist regarding exceptions. I will have a re-eval after 12 appointments, or after 28 days, whichever comes first. Medicare does not pay for physical therapy if I am receiving home health services of any kind through a home health agency, so I will let CompletePT know immediately if I begin receiving home health care during my treatment here.

PRESCRIPTIONS

I understand it is my responsibility to obtain prescriptions from a medical doctor to initiate and continue treatment. I will educate myself about specific prescription policies of Medicare or my insurance plan.

HOME HEALTH CARE DURING PHYSICAL THERAPY

I understand that Medicare does not cover both Home Health Care and Physical Therapy if I receive them at the same time. I agree to notify CompletePT I am receiving Home Health Care and I understand that I am responsible for payment in full for my services at CompletePT.

HEALTH INFORMATION PRIVACY NOTICE

I have received a copy of the notice informing me of my privacy rights and understand that my health information will be used for treatment, billing, and office operation only.

SIGNING IN AND HONORING SCHEDULES

I will arrive on time, sign in at reception, and pick up my superbill to take to the therapist. If I arrive more than 10 minutes late, my appointment may have to be re-scheduled. If my appointment is in the pool, I will allow enough time to change and be at the pool by the time of my appointment, and I will wear pool shoes or sneakers from the locker room to the pool. If I arrive early, I will wait for the therapist to call me into the pool. After signing in for a land appointment, I will wait downstairs.

ARBITRATION FORM

I understand that I must read and sign the Physical Therapy Arbitration Agreement form before I will be evaluated and treated.

I have read the above, understand it, and will be a responsible patient and will adhere to this agreement.

Agreement To Pay Late Cancelled or Missed Appointment Fee

I understand that it is the intention of Lynda Huey, the physical therapists, and the staff at CompletePT for me to schedule and attend all of my doctor-prescribed appointments so that I may receive the best possible results from my physical therapy.

I understand that it is in the spirit of this intention that the staff at CompletePT will do their best to schedule me for all my prescribed appointments. If I must cancel any of these appointments, I agree to do so by noon the day before. I understand that the staff will help me in any way to reschedule the canceled appointment, and I agree to work with office to make another appointment in the same week, with whatever therapist is available, so as to not lose momentum and progress with my treatment.

I understand that pain will probably increase and decrease as my course of treatment progresses. When I am in pain, I understand that I need to come in to be treated, and when I feel great, I need to come in to continue to make progress in addressing the underlying causes of my problem. I agree to come in for my scheduled appointments whether I feel worse, or much better to have treatment in either case.

If I do not call by noon the day before to change or cancel an appointment, I agree to pay the \$68 late cancellation/missed appointment fee by check or credit card at my next visit when I sign in prior to

treatment. I understand that this fee is my responsibility, that insurance does not cover it, and that my insurance will not be billed for this fee.

I agree to be a responsible patient. I understand that the \$68 fee partially covers the cost of having a physical therapist reserved for me during my treatment time, and that the advance notice allows another patient from the waiting list to be given an appointment with enough time to plan for the treatment.

I understand that this agreement applies to me regardless of the type of insurance I am using including Medicare, private insurance, or cash.

If I am using Worker's Compensation insurance, and I late cancel or no-show, a letter will be sent to my Dr. and to my case manager informing them that I have late cancelled or not shown up. If I late cancel or no-show more than once in a two week period, I understand that I may be subject to scheduling my appointments on a "same day" basis. This means I can call and see if an appointment is available, and if so, I can come in the same day.

I understand that although I may have medical or non-medical emergencies, work or family conflicts, or other occurrences, the office is not authorized to waive the fee, and I agree to pay it at the next session.

Guidelines for Pool Use

We at CompletePT believe in providing all of our patients with the most healthful environment possible. With our 92-degree pool and dozens of patients each day, we must diligently follow strict guidelines in order to maintain the highest standards in water quality.

Our rule is simple: **Any patient who wears external protection of any kind at any time of day or night is not a candidate for our pool therapy program. Likewise, any patient who has a catheter, or who uses a catheter at any time of the day or night is also not a candidate for our pool therapy program.** Those who do will be guided instead into our land therapy program.

Our therapist will ask you during your evaluation if you have a history of bowel or bladder incontinence or if you currently have incontinence. Please do not try to hide occasional use of external protection because **if you are seen using external protection, you will be immediately discharged from our pool program.**

If you are currently under a Doctor's care for incontinence, and treatment has rendered you stable so that you do not need protection of any kind, day or night, please have your doctor write a medical release note to us saying you are appropriate for the pool. The note will need to be in your chart by the time of your first pool visit. If you like, you may ask our receptionist to provide you with a release form to give to your doctor.

The Health Department has advised us that we have the absolute right to refuse service to anyone for any reason. We wish to help as many people as we can, but we will not allow our water quality to be compromised.

Wound Care: If you cut your skin within 24 hours of coming to pool therapy, you may not be allowed entry to the pool. The therapist will have absolute discretion on deciding if a wound has healed enough to be in the water.
